

In response to your letter dated March 2, 2007, inquiring about Baxter Healthcare Corporation Political Action Committee's ("BAXPAC's") 2006 Year End Report. The following responds separately to your questions.

- Inquiry about contributions that were apparently made after the 2006 general election date but were reported by BAXPAC as being made for the "general."

On December 4, 2006 BAXPAC contributed \$2,500 to "Friends of Max Baucus." Although this was reported as being for the 2006 General Election, the campaign confirmed it was deposited into their 2008 primary election account. Thus, we have amended the report to properly report this contribution. On December 4, 2006 BAXPAC contributed \$3,000 to "Melissa Bean for Congress." Although this was reported as being for the 2006 General Election, it should have also indicated debt retirement. We submitted an amendment to the 2006 Year End Report that was received by the FEC on 2/13/07 reflecting this change.

- Inquiry about the beginning cash balance of the 2006 Year End Report not equaling the ending balance of our 2006 30-Day Post-General Report.

On 2/13/07 the FEC received an amended 2006 Year End Report correcting this.
